Placement**

**5 Year Course Plus
1 Year Internship**

About Country

Kazakhstan, located in the center of Eurasia, first came on the global map in 1991. The word Kazakh, which is of Turkic origin, is supposed to signify "free man," which is fitting for a nation historically populated by free-spirited nomads.

Kazakhstan's economic potential is immense. The diverse terrain runs from the mountainous, densely populated eastern regions to the thinly inhabited, abundantly energy-rich lowlands of the west, as well as from the industrialized north, with its Siberian ice cap.

Founder President

ISM EDUTECH

Dr. Phani Bhushan Potu

***Dear Aspirant,** Hello, and welcome to ISM Edutech. You are about to start journey at ISM Edutech that promises to be an exciting and a fulfilling one. In over 20 years, we have exhibited excellence in our curriculum design, the quality of teaching, and methodology of learning We strive to be the best educators through our hard work and commitment towards the teaching methods. Medicine is a noble profession, and we believe in preparing best health care professionals at a moral, ethical, professional & emotional level. So welcome to ISM Edutech; An Institution, that has produced complete medical professionals.*

Director

Shivam Education Point

Dear Aspirant, Medicine is a great endeavor and we'd like to acknowledge each one of you for having chosen to be in this noble profession. Also, it gives me great pride to declare, that since its inception was all started from scratch in 2012, today we have been able to carve a niche for ourselves in the global panorama. Our alumni are showing their dedication to this profession by either working at reputed hospitals across the world or by specializing further in their fields of a medical study. Along with looking after academic, and curricular needs, the institute also coaches students for the MCI screening test from the 1st year of MBBS. We'd like to invite you to take this magnanimous leap towards a bright future in medicine.
